How Career Coaching can help

Coaching is a powerful vehicle that facilitates increased performance, assists in achieving results and helps to optimize personal effectiveness.

Specifically Career Coaching can help you with,

- Career decision making
- Individual workplace performance
- Prepare for promotion
- Career transition moving from one choice of work/industry to another
- Job hunting strategies
- Planning for retirement and the end of paid work.

Bespoke Career Coaching

A little about Future Careers

Founded by Kieran Butler in 2019 Future Careers has been supporting those at a career crossroads to determine their next career steps. We support clients through a blend of coaching, and targeted mentoring to help them explore new career options, prepare for career change, manage a job-hunt and overall grow in career confidence.

• Flexible Online Career Coaching

Our broad range of Career Coaching and support services are exlcusively online allowing you to work on your career goals and objectives from the comfort of your own home.

EMCC Accredited Coaching

We hold Practitioner Accreditation with the European Mentoring and Coaching Council (EMCC).

Check out our Podcast

Future Careers has its own Podcast 'The Expanded Future Podcast' available on Podbean and Spotify. A broad range of topics discussed to support personal and professional development

Bespoke Paackages

Future Careers has a range of standard packages to choose from. However we can also tailor a bespoke package of services that fits the clients needs and budget

Our Services

Career Coaching and Mentoring

We have a variety of coaching packages to help you with your career goals and chart your next steps

CV writing and review

Our CV writing service consists of an initial CV coaching session followed by support to update, and edit your CV

Interview Coaching

We provide a time-efficient two session package. This involves coaching, mentoring and a formal interview practice.

Developmental Assessments

There are 3 developmental assessments available Strengths Profile, Emotional Quotient Inventory (EQ-i2.0) and Motivational Maps. Further details are on our website.
